Acknowledgement of Receipt of Preliminary Amendment

This is to acknowledge preliminary amendment filed 3/22/2004 has been received and entered.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the primary reasons for allowance is the claimed combination of the shaft, said terminals, and said casing comprised in the electro-thermal actuator is novel and nonobviousness, and not found in the prior art.

While Cerruti et al. (US 2003/018768) describes a similar invention, Cerruti et al. merely suggest using an electro-thermal actuator in a washing agent dispenser for a domestic dishwasher. However, Cerruti et al. falls short of disclosing the specific features of such electro-thermal actuator. Since, the claimed electro-thermal actuator is not taught, the claims are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
